

Teacher and Classroom Resources

Looking for agriculture-themed lessons and resources to use in the classroom? Check out these websites!

National Agriculture in the Classroom
www.agclassroom.org

The National AITC website has hundreds of classroom-friendly resources in a wide variety of subjects, grade levels, touching on agricultural commodities in all 50 states.

Teacher Center: Curriculum Matrix – searchable and savable in your own “MyBinder” account; **AgroWorld** - This bimonthly E-zine has been developed for the busy secondary educator and their students. Each issue features current events, classroom resources, activities, and grant opportunities that enhance standards based on science, applied technology, and social studies curricula.; **STEM Programs** - Explore resources that use agriculture to build STEM curriculum; **Ag Knowledge** - Test the agricultural knowledge of your students with these ready-made questions.

Student Center: Virtual Tours - Can't get to a farm? Take a virtual tour!; **Kid's Zone** - Learn more about how the things you need get to you—from soil to spoon!; **State Agricultural Facts** - Learn more about agricultural production in all 50 states!; **Teen Scene** - Consider the future of agricultural science, a possible agricultural career, and challenge yourself with agricultural games; **WebQuests** - Explore the best resources online to increase what you know about agriculture.
