

INDIANA AG ESCAPE

MAP PUZZLE PIECES

DIRECTIONS:

- Volunteers and teachers are encouraged to laminate and cut out these puzzle pieces.
- It also is recommended to attach magnets to the back of the puzzle pieces so they may adhere to a chalkboard or dry erase board.
- If using an escape box, utilize the box on the back of each puzzle piece to write a number or letter that will eventually reveal the code needed to unlock the escape box.
- Students must complete the corresponding worksheet in order to gain that piece of the puzzle.
